ABOUT US

CHRIST (Deemed to be University), Delhi NCR Campus

www.ncr.christuniversity.in

CHRIST UNIVERSITY

CHRIST (Deemed to be University), born out of the educational vision of St Kuriakose Elias Chavara, currently offers programmes in Humanities, Social Sciences, Science, Commerce, Management, Law Education, Architecture and Engineering to over 27,000 students from India and about 60 other countries. The institute undertook path-breaking initiatives in Indian higher education, incorporating innovative and modern curricula, insisting on academic discipline, imparting holistic education, and adopting global higher education practices. The institute is dedicated to research as a source of new knowledge and social development in line with its Vision, Mission, and Core Values. The university emphasizes a vibrant research culture amongst its students and faculty, providing a nurturing ground for innovative ideas and applications. One of the first institutions in India to be accredited in 1998 by the NAAC, and subsequently in 2004 and 2016, CHRIST has the top grade 'A' in the 4-point scale, and 'A+' grade in the recent accreditation.

DEPARTMENT OF ECONOMICS

The Department of Economics at the Delhi NCR campus functions under the School of Social Sciences in CHRIST (Deemed to be University). Established in 2019, the department has representation of faculty from all cultures and regions in India with qualifications from the top institutions in the country and abroad. With rich experience in teaching, research, and consultancy, they specialize in monetary and financial economics, environmental economics, behavioral economics, industrial economics, informal Economics, and so on, involving advanced research. What makes the department unique in the quality of its work is the vision of being established as a department of a high standard in teaching and research in economics and the mission to equip students with advanced knowledge and skill sets to address real-world economic problems and undertake cutting edge research on contemporary economic issues.

ABOUT OUR COLLABORATORS

University of Louisiana at Monroe

The University of Louisiana at Monroe (ULM) is a prominent public university known for its strong commitment to academic excellence and the diversity of its academic offerings. ULM provides a broad array of undergraduate and graduate programs across disciplines such as health sciences, business, education, and the arts. In addition to its robust academic programs, ULM fosters a dynamic learning environment that emphasizes interdisciplinary research and innovative approaches to education. Faculty at ULM are deeply committed to mentoring students and guiding them toward academic success and professional achievement. Through this combination of rigorous academics and personalized support, ULM ensures that its graduates are well-equipped to navigate the complexities of the modern world.

INDIAN ECONOMIC ASSOCIATION

The Indian Economic Association (IEA), established in 1917, is one of India's oldest and most prestigious academic bodies dedicated to the advancement of economic science. Founded by Prof. C.J. Hamilton during a period of significant social and economic challenges, the IEA was created to stimulate interest in economics and promote research on India's economic conditions under British rule. Initially, the association focused on organizing annual conferences where economists could exchange ideas and present research. Over time, these conferences grew in size and scope, becoming a vital platform for discussing contemporary economic issues and influencing policy discourse in India. Throughout its history, the IEA has expanded its activities to include workshops, refresher courses, and international collaborations, significantly contributing to the development of economic thought in India. The IEA has been led by some of India's most distinguished economists, including Nobel Laureate Prof. Amartya Sen, and continues to play a crucial role in shaping economic scholarship and policy in the country.

ABOUT THE CONFERENCE

"Advancing Economics: Addressing Contemporary Challenges for a Sustainable Future" underscores the necessity of evolving economic practices to meet the pressing demands of the 21st century. It calls for a critical examination of how economic growth can be harmonized with environmental sustainability, urging policymakers and industry leaders to integrate ecological considerations into economic planning. This approach advocates for the adoption of circular economy principles, resource efficiency, and waste minimization to create a resilient and sustainable economic framework. Additionally, it highlights the need for robust responses to global shocks, such as pandemics and climate change, through diversification, innovation, and strong governance structures.

Also it focuses on highlighting the importance of balancing economic growth, social fairness, and environmental care. In a time of significant challenges like income gaps, climate issues, and technological changes, the demand for comprehensive and innovative economic strategies is crucial. The conference aims to catalyze discussions and research that will drive sustainable economic development and foster inclusive prosperity on a global scale.

Moreover, the theme addresses the pivotal issues of social equity and inclusive growth. It emphasizes the importance of reducing income inequality through effective redistribution policies and ensuring that technological advancements contribute to equitable economic opportunities. By considering the impacts of demographic shifts, such as aging populations and migration, the theme seeks to develop comprehensive strategies that promote financial inclusion and access to capital. It also highlights the critical role of healthcare and education in building human capital. Ultimately, "Advancing Economics" calls for interdisciplinary and international collaboration to create policies that align economic, environmental, and social goals, fostering a sustainable and prosperous future for all.

The International Conference on Advancing Economics promises to be a forum of intellectual exchange, collaboration, and innovation, where participants will have the opportunity to engage in forward-looking discussions, share best practices, and develop actionable strategies.

SUB THEMES

1. Economic Policies and Global Trade

- Income Inequality and Redistribution Policies
- Globalization and Trade Policies
- Monetary and Fiscal Policy Responses to Crises

2. Sustainable Development and Environmental Economics

- Environmental Sustainability and Economic Growth

Associate Professor,
University of Bahrain
Bahrain

CONFERENCE DETAILS

Guidelines for Submission

- The word limit of the full length original paper should be 5000-7000 words.
- The full paper must accompany an abstract (strictly between 200-300 words) and 4-5 keywords.
- The full paper should have a title page containing the paper title, name(s) of the author(s), affiliation, and e-mail address of the corresponding author.
- The main document should be double-spaced, with one-inch margins on all sides, and the pages should be numbered consecutively.
- The paper should follow Times New Roman 12-point font and should be submitted in a Word document or PDF.
- The paper should follow the APA (American Psychological Association) 7th edition referencing style.
- Only submissions in the English language will be considered.
- All submissions must be the author's original and unpublished work. Plagiarism reports of more than 10% will attract immediate disqualification.
- The abstract and full paper should be submitted to the email id: **ecoconference.ncr@christuniversity.in**
- Submissions not adhering to the guidelines will not be considered.

Scope of Publication

- The accepted papers, after peer review, shall be considered for publication in a proposed edited book carrying an ISBN for dissemination to a larger audience.
- The review committee will scrutinize the papers and the selected high quality papers will have publication opportunities in SCOPUS-indexed journals
- Few selected papers will be published in the ARTHA Journal of Social Sciences of the CHRIST university.
- Conference proceedings will be provided to all the paper presenters.
- In all the journals, authors are responsible for corrections/additional fees if any as suggested by the journal.

CONFERENCE DETAILS

Registration & Participation

- Registration Fees includes kit, lunch and tea.
- All participants/authors) who register for the event will get a Participation Certificate. Anyone of the authors can present the paper, however, only those author(s) will be awarded the certificate of presentation who has registered for the event.
- At least one of the authors needs to present their paper on the day of the event. The presentation will be through MS- PowerPoint. Presentation time allocated for each presenter is 6-8 minutes, followed by a Question/Answer round.
- Hybrid mode only for presenters outside Delhi NCR.

Travel

Ghaziabad, known as the "Gateway to Uttar Pradesh," is just 20 km from Delhi and is a significant part of the National Capital Region (Delhi-NCR). With a strong presence of multinationals and connectivity through the Delhi Metro, the city boasts a truly cosmopolitan culture. We will be glad to assist you in making your travel experience comfortable and enjoyable, ensuring it is both intellectually and professionally enriching. All the Station/Bus Stands and Airport are connected by DMRC (Delhi Metro) to the nearest metro station namely Shaheed Sthal (New Bus Adda), located at a distance of 2 kilometers from CHRIST (Deemed to be University) Delhi, NCR Campus. Ghaziabad is well-connected with important cities across the country through its bus network.
